

# How You Can Partner With IEC Foundation

The IEC Foundation seeks to actively engage partners in the work, mission and vision of IEC Foundation.

All partnerships will align with the mission of IEC Foundation.

IECF will provide partners with marketing opportunities to increase brand visibility, product awareness and distinguish them from competitors.

IECF will promote the education of the IEC Foundation stakeholders about partner products and services.

IECF will identify gifts, in-kind donations and philanthropic opportunities that showcase partner philanthropic, community and social responsibility.

# IEC Foundation

Independent Electrical Contractors Foundation

## CORPORATE PARTNERSHIP

### Our Mission

The Independent Electrical Contractors Foundation (IECF) funds grants, scholarships and programs that contribute to the growth of the electrical systems contracting industry and allows all students equal access to education, apprenticeship and training.

## IEC FOUNDATION PARTNERSHIP

**EQUIPMENT GRANT PROGRAM:** Opportunities to give in-kind donations of inventory, which will be used for local training and education centers to develop and improve labs.

**DISASTER RELIEF PROGRAM:** Provide support for IEC chapters, chapter staff, instructors, and apprentices that have been affected by a natural disaster, serious accident, or catastrophic life event through tax-deductible monetary or gifts in-kind.

**SCHOLARSHIP FUND:** Fund Scholarships through tax-deductible donations towards IECF Scholarship awards to students that have demonstrated drive, dedication and leadership in their pursuit of education.

**SPONSORSHIP:** Sponsorship of Programs and events

**NEW PROGRAMS:** Developed in partnership with sponsoring organizations

**VOLUNTEER SERVICE:** IEC Foundation Board of Trustees and Programs

**IEC Foundation stakeholders provide critical support to IECF grants and scholarships. IEC's programs are regarded as among the best in the industry, and are recognized by the U.S. Department of Labor and State Apprenticeship Councils across the country.**

**To learn more about how to get involved please contact us at (703) 650-0048 or [ED@iec-foundation.org](mailto:ED@iec-foundation.org)**

## MESSAGE FROM OUR IECF CHAIRMAN

*"We believe in the advancement of the electrical contracting industry.*

*What we do is fund programs, grants and scholarships.*

*So people can pursue a professional career that allows them to support their family, connect with their communities and make a meaningful contribution to our society."*

**Tom Alexander**  
IEC Foundation Chairman

## PARTNER TESTIMONIALS

*"The IEC Foundation gives back to students in the program that are struggling to pay for their education or get the right tools to have a successful career. By serving on this board, I am able to make a direct impact on their lives and help them be successful. As I proceed further along in my career and get closer to retirement, I want to give meaning to my life's work. By giving back to these students and helping them with their future, I can truly say I achieved that."*

**Bill Fowler, Southwire**  
Senior Training Instructor

*"The IEC Foundation goes above and beyond to continue to move the industry forward. Their dedication to driving support to training centers, apprentices, and contractors in need has been inspiring. Since becoming a serving member of the IEC Foundation, it has been extremely impactful and beneficial to be a part of the programs that are assisting in building the future of the IEC, and touching so many lives personally, and professionally. The more you put into the industry, the more you get out."*

**Joel Petersheim, Milwaukee Tool**  
Director - Electrical Job Solutions

## IEC APPRENTICE TESTIMONIAL

*"As a full-time student and a part-time electrician, I did my best to pay my own way. Not only did the IEC and the Foundation help me with tuition along the way, they also became the perfect conduit to put me in touch with my current employer as one of their new engineers. I can't express in words how much I truly appreciate the help and support I have received, and still receive today from the IEC. I am also happy to have the chance to give back, whether it is sharing my story, going to high school career days, or community service events. I look forward to what the future holds for IEC, scholarship recipients, members, and my career which was jumpstarted with the help of IEC."*

**Ross Seilhammer**  
Former IEC Apprentice
