Insight into the IEC Foundation

October 2020

2020 IECF VIRTUAL CONVENTION FUNDRAISER

Although our 2020 events cancelled, IEC Foundation programs continue to operate. This year we distributed over \$290,000 in grants to chapters, awarded over \$85,000 in scholarships, aided those in need with disaster relief and distributed mini equipment grants to our chapters. None of this would have been possible without donor support and sponsorships.

Our virtual fundraiser includes a donation page, four raffle pages, & a silent auction page. **We have many amazing prizes!** The last day of this event is October 30, 2020.

Click the link below to join the fundraiser.

[Amazon Smile](#)

When you shop through Amazon your purchases can support IEC Foundation. The AmazonSmile Foundation will donate 0.5% of the purchase price from your eligible smile.amazon.com purchases to IEC Foundation. When you sign up remember to type out the full IEC Foundation organizational name: "Independent Electrical Contractors Foundation."

[Link](#)

If you are making purchases through the Amazon app please make sure that smile is turned on.

[IEC DISASTER RELIEF FUND](#)

The IEC Foundation has a special fund dedicated to supporting IEC chapters, chapter staff, instructors, and apprentices that have been affected by a natural disaster, serious accident, or catastrophic life event.

Winning Ticket will be drawn
at 4:00 pm on October 29, 2020 at
IEC Convention and Virtual Happy Hour

Prize : GREENLEE
8556X INTELLIBENDER®

Description:

8556X INTELLIBENDER® is Greenlee's most advanced programmable bender. It has all the capabilities to accomplish the most complicated bends with ease and speed. It can bend 3/4" Rigid (in either the 1" Rigid or 1" EMT shoe grooves) and 1" to 2" Rigid, EMT or IMC conduit with just one shoe, featuring smart sensors that know exactly what diameter conduit and type you are going to bend and automatically factors spring-back for any angle. This bender comes with both a robust pendant controller and a state-of-the-art LCD interface, allowing the operator to easily program, save and transfer multiple bends via a USB drive, which makes this unit invaluable on jobs that demand many types and high quantities of bends.

GREENLEE 8556X
INTELLIBENDER®

Winner does not need to be present to win.

\$100 Donation
