# IEC Foundation ABB Group Donations

Our IEC Foundation supporter and National Platinum Partner, Thomas & Betts, A Member of the ABB Group, has made a generous donation of Ty-Rap Cable Ties, valued at over \$50,000 and a compression tool donation valued at \$21,588.48. The tools and cable ties were given IEC Foundation for distribution to IEC chapter campuses and training centers across the country.

Donations such as this allow IECF to continue to support chapters; in alignment with our mission to fund, promote, and support educational opportunities in the electrical and systems contracting industries. Thomas & Betts has worked collaboratively with IECF to ensure chapters receive this generous donation of product for use within chapters. A huge thank you to Thomas & Betts Corporation and ABB! We are IEC!
